2TEC2 introduces its first collection of rugs, made from the 2TEC2 **woven quality** that has proven its **durability and aesthetics** through time. We offer a wide range of designs, colours and shapes with impeccably finished borders.

Rugs give you the **freedom** to move them around. They allow you to create inviting spaces wherever you want, making the possibilities for interior design never-ending.

The rugs possess all the functional properties of 2TEC2 flooring. We combine the **look and feel of soft flooring** with the **durability and cleanability** of hard flooring.

2TEC2 Rugs are suitable to create extra atmosphere or to define functional spaces in **hospitality, reception areas, offices spaces, meeting rooms, showrooms** and above all **outdoors**.

Alhambra design

12

Inspired by the refined expression of **beauty and emotion** of the well-known Moorish sunsoaked Alhambra palace, this pattern plays hide and seek with **intricate mosaics** and vegetal motifs. The Arabic name 'al-Hamra' means 'the red fortress', celebrating **nature's play of light and sun on warm evenings.**

Hybrid design

16

Hybrid is deeply rooted in nature. This biophilic design is a representation of the ongoing difference between **two of the most ancient elements of our world: light and dark**. Our pattern tightly weaves together these contrasting hues to create a natural harmony, resulting in this visually appealing effect.

Infinite design

22

Infinite is inspired by the **mysteries beyond our planet**. Looking upwards, we sought to bring the **beauty and awe of the night sky**, and the celestial bodies that inhabit it, down beneath your feet. Named after the cosmic figures of our universe, each piece in this design expresses limitless power.

Lustre design

28

The Lustre design is influenced by the entrancing patterns found in the **geometric shapes of natural stone formations**. Its pattern **reflects the light within your space** to create a gentle, yet eye-catching experience that will grab your visitors' attention from the moment they walk through your doors.

32

Eminent, regal, and everlasting.

Marble features the **pattern of the crystalline material** used in impressive palaces and breathtaking monuments throughout the ages. This design features **wild, purposeful streaks of colour**, echoing the controlled chaos that can only come from nature's own design.
